As part of the corporate social responsibly (CSR), we tried to expand our cordial cooperation to the downtrodden section of the society through Lion Mukhlesur Rahman Foundation. The way in which we are going on is not only bringing smile to an individual face but also an overwhelming happiness and joy in whole family. Lion Mukhlesur Rahman Foundation (LMRF), is a service oriented and people centered non-profit medical organization, duly registered under Social Welfare Act and NGO Affairs Bureau of Bangladesh.

Following inception on 2001, LMRF was focused on elimination of Clubfoot and Cleft lip deformity through providing direct treatment and surgery free of costs through the “Zero Clubfoot” and “CureCleft” projects respectively. Later on LMRF initiated another 3 projects to extend its services towards pediatric and general healthcare, targeting people of underserved community. Following is a brief description of the LMRF projects:

**CURECLEFT**
CureCleft is working restless to reverse their doomed life with a simple corrective surgery. CureCleft is the project through which LMRF took off its journey on 2001. Partnering with World leading cleft organization “Smile Train”.

**ZERO CLUBFOOT**
The ZCF project was established with the goal of improving clubfoot management in the Chittagong Division of Bangladesh, where more than 900 babies are born with clubfoot every year.

**SHOPAN**
SHOPAN is an awareness and education initiative of LMRF, designed to improve access to and promote adherence for cleft lip and clubfoot care. This project has been implementing activities in 8 districts of the Chittagong Division.

**LMRF CHILDREN’S HOSPITAL**
LMRF Children’s hospital is a small scale Children’s hospital of 20 beds and is set at the Foundation Complex in Chittagong city. It is a social business venture which provides pediatric as well as disability care service to low and middle income people.

**LMRF HEALTHCARE**
LMRF Healthcare is the latest project of LMRF, started in February 2015. This Out-Patient Medical Clinic is a service oriented, trust worthy and quality secondary healthcare center for middle and low income group of people living in Comilla District.

**PORTABLE HEALTH CLINIC PROJECT**
This portable clinic is a health check-up box with necessary small and portable diagnostic tools with a tablet computer and a printer. This new health project is an innovation of Grameen Communication.

MORE THAN 6534 CHILDREN FOUND NEW HOPE FOR SHAPING UP TOMORROW
